About UGC-DAE CSR

The UGC-DAE Consortium for Scientific Research (UGC-DAE CSR), an Inter-University Centre established by the University Grants Commission (UGC), is primarily mandated to support the research endeavors of teaching faculty members using the DAE's large-scale facilities and the Consortium's in-house facilities.

We continue to sustain our flagship program, the Collaborative Research Scheme (CRS), which allows university and college faculty to utilize our in-house and DAE mega science facilities.

About the workshop

UGC-DAE CSR, Mumbai Centre, Department of Chemistry, Central University of Karnataka, and Department of Physics, Saurashtra University, Rajkot, are organizing an awareness meeting on the utilization of advanced research facilities through different centers of UGC-DAE CSR and some large-scale facilities of DAE. The workshop will address the concepts of the Collaborative Research Scheme through an interactive mode.

Who can attend

Researchers from all universities, affiliated colleges, and other institutes working in the fields of Physical, Chemical, Biological, and Engineering sciences are invited.
